Programme Outline

(international track)

01

Registration

29 March - 29 April

Submit a registration form by 29 April to indicate your interest in joining the challenge!

02

Release of Groupings and Allocated Problem Statements

6 May

Release of groupings for individuals who opted to form a team. Each team will receive their allocated problem statement.

03

Pre-competition Online Workshop

9 May - 10 May

Online workshops and talks by industry experts to prepare you for the Pre-Selection Round submission.

04

Pre-Selection Round Submission

23 May

Participants are to submit an entry in the form of a video to address their allocated problem statements. Results of shortlisted finalists will be released on 6 June.

05

Preparation Phase

27 June - 6 July

Finalists will receive exclusive mentorship guidance from industry experts. Finalists are to further refine their ideas to prepare for the Final Round.

06

Final Round

7 July

Finalists will pitch their ideas to the judges online. Results will be announced on the day itself.
